1,155 YOUTH PARTICIPATED IN THE TEEN OUTREACH PROGRAM® (TOP®)

ADVOCACY. NO MATTER WHAT.

PLANNING FOR THE FUTURE BY CONNECTING COMMUNITIES TO HEALTH CARE...

Separately incorporated, Planned Parenthood Votes Northwest (PPVNW) is a 501(c)4 nonprofit financially supported by 501(c)3 Planned Parenthood affiliates, included PPGNW, in all of Alaska, Idaho, and Washington.

The PPVNW team led a comprehensive program to inform, educate, mobilize, and engage women and their families to ensure they had information to access the new health care options that would be available under the Affordable Care Act (ACA). Starting in the summer of 2013 through March 2014, PPVNW volunteers and staff...

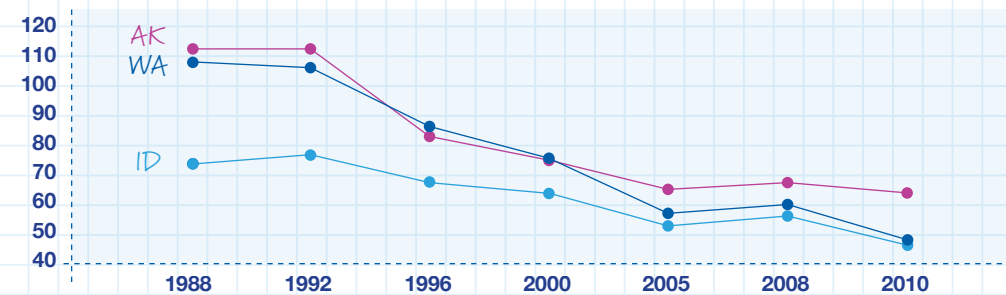

NOT ONLY HAS PLANNED PARENTHOOD BLESSED ME WITH EDUCATION about safe sex and pregnancy, comfort talking about sex, and the knowledge to take care of myself — they also instilled in me the importance of my own voice, and that I have choices.”

— ARIEL, A FORMER TEEN COUNCIL MEMBER

AND WE KNOW IT WORKS

OF PREGNANCIES PER 1,000 WOMEN AGE 15-19

2013 REPORT TO OUR COMMUNITY

BUILDING THE FUTURE

WE ARE THE REGION'S LEADING SEXUAL AND REPRODUCTIVE HEALTH CARE PROVIDER AND ADVOCATE.

The Affordable Care Act represents the biggest expansion of health care access in 50 years. Planned Parenthood is the national voice making sure that women's needs were a real priority under the new health care law. Thanks to your support, being a woman is no longer a 'pre-existing condition' in America and women can access basic care – like birth control – with no co-pay.

Thousands of people in our region have gained access to health care – in 2013, with your help, we built new health centers, expanded our education programs, and connected clients with new health care options to ensure that everyone in our community has somewhere to turn for needed care. No matter what.

This is the future we're building.

This year's annual report is easy to take with you anywhere. Please keep it in your wallet and look for opportunities to share it with those you know to spread awareness of the important work we do.

EXPERT CARE. NO MATTER WHAT.

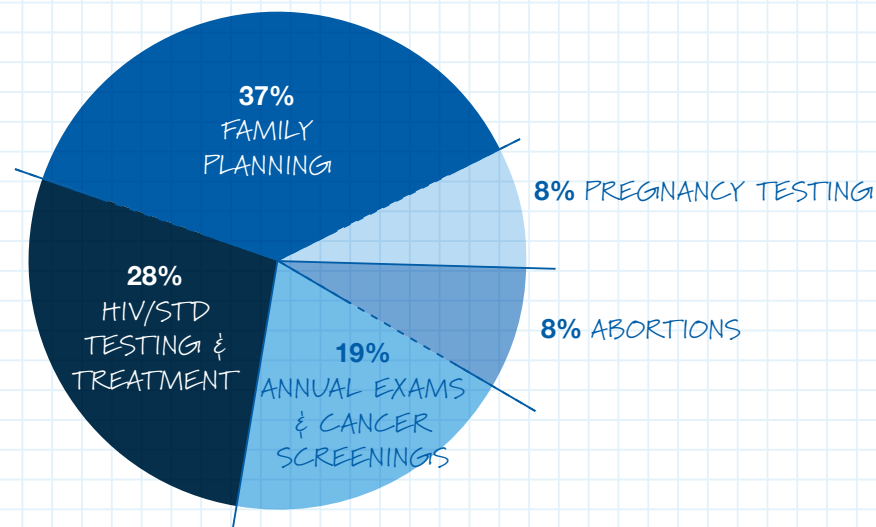

PLANNED PARENTHOOD NEVER TOLD ME to have a baby, and they never told me to have an abortion either. They educated me and told me everything I needed to know to make the best decision for me. I never felt pressured, guilty or shy about my situation – or my decision – because of Planned Parenthood. They gave me every single piece of vital information I could've asked for.

However, before making a decision I had a miscarriage. It was hard, and sad, and the doctors and nurses at the emergency room at my local hospital didn't seem to understand. After spending five hours in the emergency room they just handed me a piece of paper and sent me on my way.

When I walked into the Planned Parenthood office it was a different atmosphere – they didn't brush me off like I was just another patient. The doctors there discussed with me what I had gone through, physically and emotionally. They heard and understood me. They let me know I wasn't alone."

- DAISY, A PPGNW PATIENT

PRIMARY VISIT PURPOSE

BY THE NUMBERS

128,509 // MEDICAL VISITS

32,945 // NEW PATIENTS

89,149 // UNDUPLICATED PATIENTS

31,359 // PATIENTS BELOW THE FEDERAL POVERTY LINE
(\$11,490 FOR AN INDIVIDUAL)

25,818 // UNINSURED PATIENTS
